APPENDIX A – TRIATHLON CANADA 2019 WINTER TRIATHLON BID DOCUMENT	15

1. INTRODUCTION

Governed worldwide by the International Triathlon Union (ITU) and upholding the Olympic and Paralympic ideals of solidarity and fair play, Triathlon Canada provides governance, resources and leadership for athletes seeking to achieve gold medals at the highest levels of competition in the sport of Triathlon as recognized by the International Olympic Committee (IOC), the International Paralympic Committee (IPC) and, the ITU.

Triathlon Canada as set out in its new [2017-2020 Strategic Plan](#) is committed to:

- bringing our country together under one Triathlon Canada nation;
- achieving excellence at all levels;
- putting more Canadians at all levels on the start line; and,
- more high-performance athletes on the podium.

An important strategy in achieving these goals is to ensure the provision of high quality and appropriate competitive racing opportunities at all levels.

In addition to performance goals, Triathlon Canada has developed a branding and communications strategy to assist in building stronger corporate partnerships and enhance the overall promotion of the sport to the benefit of LOC's and Triathlon Canada.

Hosting world-class triathlon events has been a critical part of Triathlon Canada's past successes from both a sport and business development perspective but, more importantly from an athlete performance perspective. For all these reasons, hosting excellence and building world class events here in Canada remains a high priority for the future.

2. TRIATHLON CANADA MANDATE – ITU AND NATIONAL EVENT HOSTING

Triathlon Canada is the sole body empowered to endorse ITU World Triathlon Series (WTS), World Cup, and Continental Championship (CAMTRI) events, and sanction Canadian National Championship (Elite, Para, Junior Series and Age Group) and Age-Group World Championship Qualification Events in Canada - in any distance or format, inclusive of Multisport events.

3. INVITATION TO BID ON 2019 WINTER TRIATHLON EVENTS

Triathlon Canada is seeking to better align Triathlon Canada and ITU events to the achievement of Triathlon Canada's strategic goals. Adjustments to the overall bidding and hosting strategy have been made to accomplish this.

Local Organizing Committees ("LOCs"), with the support of their Provincial Sport Organization ("PSO") can now bid on hosting Elite and Age Group events open to able-bodied and para-triathletes.

These events draw Canadian and international athletes and supporters, drive significant local economic benefit, and can produce important sport legacies in communities that host them.
