For nominations for the 2022 Athlete Assistance Program carding cycle
(Financially supported by Sport Canada)

Triathlon Canada is carefully following the evolution of the coronavirus on the global and domestic level and how it may impact events in 2021. Unless otherwise required by exceptional and unforeseen circumstances related to the impact of the coronavirus, Triathlon Canada will respect these published criteria as written.

However, situations related to the coronavirus pandemic may arise that require this AAP Nomination Criteria to be modified. Any modifications will be made promptly and as often as required following developments that directly impact the AAP Nomination Criteria. In such circumstances, any modifications will be communicated to all affected individuals as soon as possible.

Further, situations may arise that do not allow this AAP Nomination Criteria to be modified or applied as written due to time constraints or other exceptional and unforeseen circumstances. In such situations, any decision, including nomination decisions, will be made by the individual(s) with decision-making authority, as stated in this AAP Nomination Criteria, in consultation with the relevant individual(s) or committee(s) (as applicable), and in accordance with the stated performance objectives and selection philosophy and approach as stated herein. Should it be necessary to make any decision in this manner, Triathlon Canada will communicate with all affected individuals as soon as possible.

A. INTRODUCTION

The purpose of this document is to outline the qualification and selection procedures (the “Selection Process”) that will be used by Triathlon Canada to select athletes to be nominated for Sport Canada’s Athlete Assistance Program (AAP).

The objective of the AAP is to identify and support Canadian athletes who have demonstrated the potential to achieve a top five (5) result at the Paralympic Games and World Championships. Sport Canada evaluates the number of athletes that will be supported for each sport and issues “cards” under the AAP program. The AAP is commonly referred to as the “carding” program hence the term “carded” for AAP supported athletes.

B. POLICY DETAILS

Sport Canada determines the card quotas for eligible NSOs and sport disciplines. Each eligible sport discipline is allotted a certain number of senior cards with a corresponding monetary amount. The annual allocation for Triathlon Canada is currently 4 senior cards for the Paratriathlon program, the equivalent of \$84,720. Sport Canada regularly reviews its allocation of cards; this quota is therefore subject to change.

Demonstrated performance is the primary requirement of the carding process. International results will be used to evaluate performance and determine eligibility under the carding criteria as collaboratively

developed and agreed to by Sport Canada and Triathlon Canada.

DEFINITIONS

“Carding Cycle” refers to the period January 1st to December 31st.

“Current Carding Cycle” refers to the period January 1st of the current year and ending December 31st of the current year.

A ‘card’ is a general term for different types of Cards that exist:

- Senior International card (SR1/SR2)
- Senior Domestic card (SR/C1)*
- Senior Injury card (SRI)
- Development card (D)
- Development Injury card (DI)

* Senior cards awarded to athletes who meet the Senior Domestic criteria for the first time are called C1 Cards and are funded at the Development card level.

TRIATHLON CANADA’S AUTHORITY FOR DECISIONS

All matters relating to the nomination of athletes for AAP are the sole authority of Triathlon Canada. Triathlon Canada makes decisions relating to the approval of AAP nominations on the basis of the approved Triathlon Canada AAP Criteria and requirements. If an athlete does not meet the criteria or requirements set out in the Triathlon Canada AAP Criteria, the athlete will not be eligible for nomination by Triathlon Canada.

SECTION 1: CARDING ALLOCATION

- 1.1 AAP support is only available for results obtained in 2021 in events listed on the 2021 Paralympic Games program.
- 1.2 The annual carding qualification period is defined by the schedule of World Triathlon (WT) points scoring events January 1st to December 31st of the current year.
- 1.3 Cards are allocated based on a priority ranking in the following order:

To be considered for nomination a guide must be approved by the High Performance Director (HPD) as the official guide of the athlete.

- 1.4 The Triathlon Canada High Performance Director makes final recommendations, upon review with Triathlon Canada's High Performance Advisory Committee, on nomination to Sport Canada's AAP, based on Triathlon Canada's carding criteria. The High Performance Director is responsible for the implementation of this policy and all nominations must be ratified by the Board of Directors of Triathlon Canada.
- 1.5 Sport Canada is responsible for approving recommendations in accordance with AAP policies and the published Triathlon Canada approved, AAP compliant carding criteria.
