1. At the discretion of the High Performance Director, up to one (1) athlete per gender may be placed on the ITU waitlist. The High Performance Director is not obligated to execute this selection.

Discretionary selection will be based on, but is not limited to, the following objective and subjective

criteria (not in priority order).

- Submitted ratified times as per 2018 Triathlon Canada's Ratified Times Policy
 - 2017/2018 ITU draft legal race results in the sprint, super sprint and standard distances

 7. Any remaining quota spots will be filled by athletes based on their current ITU World Ranking; subject to the substitutions as per Section D.

D. SUBSTITUTIONS

As per ITU rules, after the provisional start list for a WC event has been created, two athletes per gender may be replaced via the ITU substitution procedure.

Triathlon Canada may use substitutions to align with the priority selections as per Section C.

This substitution process may be used in the following cases but is not limited to:

1. To **prioritize an athlete** with a lower ITU World Ranking but higher selection priority (as per Section C) on the start list ahead of an athlete with a higher ITU World Ranking but lower selection priority;
2. To replace a **placeholder athlete** (i.e. an athlete who has not submitted an Expression of Interest via Smartabase 45 days before the start) .
3. To **replace** an athlete that does not meet Triathlon Canada's Competition Readiness Policy (see Appendix A)

E. CONDITIONS AND PROCEDURES OF ENTRY

1. In accordance with ITU rules all athlete entries into events are managed by Triathlon Canada;

2. All athletes may submit **Expressions of Interest** (EOI) for WTS and WC events as soon as they submit their proposed race calendar in Smartabase;
3. Triathlon Canada will send out a call for **Expressions of Interest** (EOI) pertaining to a series of upcoming ITU Events. The call for EOIs is emailed to all 2018 Triathlon Canada ICC holders as well as each Triathlon Canada Provincial Sport Organization.
4. Any athlete wishing to compete in an ITU WTS and WC event must submit their EOI via Smartabase no later than **45 days before race start**. Each EOI submitted will receive an automatic confirmation receipt. If an athlete does not receive a response, he/she should contact the Triathlon Canada office directly.
5. The ITU publishes the start list for both the men's and women's races on www.triathlon.org 32 days before the event in question. The athletes are put on the start list by the ITU as per 2018 ITU rules.
6. The ITU allows each country to make substitutions following the publication of the Start List as per Section D.

F. CONDITIONS AND PROCEDURES OF WITHDRAWALS

An athlete who receives a position on the start list for an ITU WTS or WC event, or has a high probability of doing so, must notify Triathlon Canada **no later than 35 days** before start should they decide to withdraw from the race, unless an injury and/or unforeseen circumstance arises preventing him/her from honoring his/her commitment to race. Any athlete who fails to withdraw from an event within the stated time frame and who cannot provide sufficient justification for doing so will be penalized according to the following criteria:

Note: Late withdrawals now REDUCE Triathlon Canada's quota spots for subsequent WTS or WC events as per ITU rules. The following penalties align with these new implications.

- **1st Offence:** Athlete is fined \$250. Once the fine is paid in full, the athlete is not eligible for the next two WC events AND is not eligible for automatic selection for their next WC entry.
- **2nd Offence:** Athlete is fined \$500. Once the fine is paid in full, the athlete is not eligible for the next two WC events AND is not eligible for automatic selection for their next WC entry.
- **3rd Offence:** Athlete is fined \$750. Once the fine is paid in full, the athlete is not eligible for the next two WC events AND is not eligible for automatic selection for their next WC entry.

F. MODIFICATION OF POLICY

Triathlon Canada reserves the right, in extenuating circumstances, to modify this policy as it deems necessary in its sole discretion. In the event that this policy is modified, Triathlon Canada will promptly post an announcement on its website announcing the changes.

Extenuating circumstances may include, but are not limited to, ITU rule changes, non-competitiveness at any selection event(s), or inappropriate timing of any selection event(s) as it relates to the overall Triathlon Canada High Performance program.

APPENDIX A

COMPETITION READINESS POLICY

INTRODUCTION

The purpose of this document is to outline the eligibility procedures (the “competition readiness” determinant) that will be used by Triathlon Canada to select athletes who wish to be entered in any international competition.

The objective of the Triathlon Canada Competition Readiness Policy (TCCRP) is to identify and support Canadian athletes who have demonstrated the ability to consistently manage and monitor their health status, adopt a safe and effective training program, communicate clearly and honestly their current health status to Triathlon Canada, and target the appropriate levels of competition; all with the intent of continued progression towards achieving a podium result at the Olympic/Paralympic Games and World Championships. Triathlon Canada will evaluate each athlete entry request on a case by case basis.

POLICY DETAILS

As per International Triathlon Union (ITU) rules and regulations, Triathlon Canada is solely responsible for validating and submitting entry of Canadian athletes into international competition.

Demonstrated competition readiness is only one of many eligibility requirements outlined in Triathlon Canada’s individual event selection criteria documents. Valid and up to date athlete/coaching training logs, Triathlon Canada athlete monitoring programs, validated medical diagnosis/prognosis (through Triathlon Canada’s team physician), and athlete performance analysis will be used to evaluate and determine the competition readiness of an athlete. Triathlon Canada High Performance Director will have sole discretion to allow or deny entry into an event.

TRIATHLON CANADA’S AUTHORITY FOR DECISIONS

To be considered competition ready by Triathlon Canada, an athlete must provide or demonstrate the following to Triathlon Canada:

- 2.6 Consistent, clear, and timely communication of athlete training logs and health status as requested by Triathlon Canada.

Criteria 3: Competition Level

- 3.3 A potential to achieve a top ten (10) result in the requested event based on performance metrics (previous performances, GMP run and swim times, quality of field); and
